

Agent of the Imperium

Marc Miller

**Praise for Agent of the Imperium:**

*Agent of the Imperium* is unlike any other debut novel you may have encountered: it reads as a wholly developed universe with a compelling and often arresting protagonist, deftly portrayed by a master storyteller. Marc's narrative voice is polished and he handles the introduction and backstory of his central figure with the ease and surety of a seasoned pro—no mean feat, given the unique nature of his protagonist.

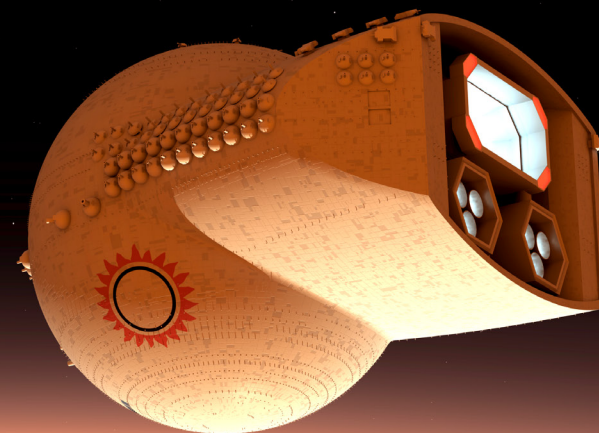

*Agent of the Imperium* blazes fascinating and chilling new ground in one of the most familiar and beloved SF settings in the genre. Other first-time novelists might give in to the well-trodden main paths of the underlying game; Miller sets off to explore yet another undiscovered country in the greater Traveller universe—and succeeds resoundingly.

—Charles Gannon  
the Caine Riordan/Terran Republic series.

# AGENT of the IMPERIUM

A Story of the Traveller Universe
